The image displays a vertical arrangement of user interface elements. At the top left is a horizontal bar with a dark grey circle on the left and a light grey circle on the right. Below it is a single dark grey rectangle. In the center is a dark grey rounded rectangular button containing three smaller dark grey rectangles arranged vertically. To the right of the button is a white circle. Below the button is another dark grey rectangle. At the bottom is a large, light grey rounded rectangular area divided into eight horizontal sections by thin lines.

The image shows a dark-themed mobile application interface. It features five identical card-like components arranged vertically. Each card has a dark gray header bar at the top, which contains two thin horizontal bars. To the right of these bars is a small black square with a white checkmark. Below the header is a large dark gray rounded rectangle. At the bottom right of each card is a dark gray rounded rectangle. The entire interface is set against a light gray background.
